No. 77.—The following press communique of the Government of India is published:—

DEPARTMENT OF COMMERCE.

MERCHANT SHIPPING.

New Delhi, the 25*th November* 1933.

It is notified for general information that the new International Code of Signals will come into internal use on January 1, 1934. The revised allotment of ships signal letters in accordance with Chapter III of Volume I of the Code will also come into and from the same date.

The British edition of the new Code consists of two volumes: Volume I for visual and sound signalling and Volume II for radio signalling.

As regards visual and sound signalling (Volume I), attention is drawn to the fact that several single letters have now a fresh significance while the two-letter urgent and important signals have been revised throughout. These alterations involve certain changes in the pilot and quarantine signals. The pilot signal S ("I require a pilot") is replaced by the letter G. The new pilot and the quarantine signals will come into use from January 1, 1934. The distress signals included in the new Code have already been prescribed as signals of distress either by the Order in Council of October 13, 1910 (Statutory Rules and Orders, 1910, No. 1113), or by the Merchant Shipping (Distress Signals) Order, 1932 (Statutory Rules and Orders, 1932, No. 940). These Orders were published in this Department Notifications No. 64 M.I./30, dated the 12th January 1930, and No. 49-M.I./23, dated the 22nd April 1923.

Volume II provides for the first time an official international wireless telegraphy code issued specially for the use of the merchant shipping and air services. It should be noted that the medical section of the volume embodies a complete easy-reading system and a list of standard quarantine messages.

The Government of India hope that all masters and officers of ships will familiarize themselves with the new Code before it comes into universal use on January 1 next.

The Code can be obtained either directly from His Majesty's Stationery Office at the following addresses:—Adastral House, Kingsway, London, W.C. 2; York Street, Manchester, 1; 1, St Andrew's Crescent, Cardiff; or 120, George Street, Edinburgh 2, or through any bookseller. The price of each volume is 15s. net.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out, and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. Candidates are *forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners, should they do so their answers will not be valued and their conduct will be reported to the Syndicate for disciplinary action.*

7 Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, cardboard, manuscript, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else; from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared rejected by the Syndicate and of being debarred from sitting for the University examinations for such period as the Syndicate may decide.

All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12 When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centre for their hall tickets.

14 *No college student will be allowed to select a centre for his examination other than that in which the college he studies is situated except for satisfactory reasons and on the recommendation of the Principal of his college.*

The increase in area occurs in all the important districts outside the Circars, Salem and Ramnad. The area in the Deccan has risen from 775,000 acres to 852,000 acres and the increase is marked in Kurnool and Bellary.

The area under irrigated cotton, mainly cambodia, is estimated at 185,400 acres as against 180,300 acres in the corresponding period of last year, an increase of about 3 per cent.

2. Pickings of the early sown crop in the Deccan are in progress and fairly normal yields are expected. The condition of the main crop throughout the Presidency is satisfactory. But in the eastern borders of the Koilpatti taluk of the Tinnevelly district, the newly sown crop has been damaged by heavy rains and floods.

Normal yields are expected in all the districts except in Ganjam and Visagapatam, where the yields are expected to be slightly below normal. The seasonal factor for the Presidency works out to 100 per cent of the average as against 99 per cent in the previous year. On this basis, the total yield is estimated at 374,500 bales of 400 lb. lint as against 331,300 bales of last year, an increase of 3·7 per cent. The crop is young and it is too early to estimate the yield with any degree of accuracy.

3. The estimated area and yield under the several varieties are given below :—

4. The local cotton trade is not generally active at this time of the year. The wholesale price of cotton lint per Imperial maund of 82-2/7 lb. as reported from important markets towards the close of November 1933 was about Rs. 15-2-0 for Coconadas, Rs. 13-13-0 for red northerns, Rs. 16-4-0 for white northerns, Rs 14-1-0 for westerns, Rs. 23-4-0 for cambodia, Rs. 79-14-0 for Coimbatore, Karungani, Rs. 19-3-0 for Tinnevelly Karungani, Rs 17 for Nadam and Rs. 17-14-0 for Tinnevelly cotton. When compared with the prices in the previous month, these prices reveal a fall of 3 to 8 per cent in all varieties of cotton except Northerns, Westerns and varieties of cotton except Northerns are stationary and the other two varieties show a rise of about 2 and 3 per cent respectively.

5. Figures by districts are given in statement I below. Figures of area by varieties in the Central districts and the South are given in statement II.

STATISTICS—CROP REPORT—1933-34—
PADDY—SECOND REPORT.

The average of the areas under paddy in the Madras Presidency during the five years ending 1931-32, has represented 13·3 per cent of the total area under paddy in India.

2. The area sown with paddy up to the 25th November 1933 is estimated at 10,451,000 acres. When compared with the area of 10,217,000 acres estimated for the corresponding period of the previous year, it reveals an increase of 1·7 per cent.

3. The increase in area occurs in Vizagapatam, Anantapur, Cuddapah Salem, Coimbatore, and Trichinopoly, the South (Ramnad excepted) Malabar and the Nilgiris. This increase has been partly set off by a reduction in area in most of the other districts.

4. The first crop has been harvested throughout the Presidency.

Normal yields have been reported from all districts except Godavari (East and West), Chingleput, South Arcot, Chittoor, North Arcot, Trichinopoly, Tanjore, Tinnevelly and Malabar. The crop was adversely affected to some extent by the heavy rains of October in parts of East Godavari and West Godavari and by the attack of insects in parts of Trichinopoly, Tanjore and Malabar. It was affected by drought in parts of the districts of Chingleput, South Arcot, Chittoor and North Arcot.

The seasonal factor for the Presidency works out at 97 per cent of the average as against 93 per cent in the corresponding period of the previous year.

5. The wholesale price of paddy per imperial measure of 823 lb as reported from important markets towards the close of November was Rs. 2-14-0 in Nandyal, Rs. 2-8-0 in Cuddapah and Nellore, Rs. 2 in Vellore and Tinnevelly and ranged from Rs. 1-7-0 to Rs. 1-14-0 in the other markets. When compared with the prices reported for October 1933, these prices are stationary in Berhampur, Vizianagram, Rajahmundry, Masulipatam, Kalipur, Cuddalore, Vellore, Kumbakonam, and Madura. They have risen from 3 to 11 per cent in Cocanada, Rajahmundry, Nandyal, Bezgapatam, Tinnevelly and Cochin and are lower by 2 to 10 per cent in the other markets.

6. Figures by districts are given in the statement appended.

2. The wood has been classified according to the classes noted above. Intending purchasers are advised to inspect in advance, the lots put up for sale but they must accept the classification made at the depot as final.

3. The various classes have been stored in the sandalwood godown in lots of 5, 10 and 15 tons for convenience, but the lots so arranged will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in lots of 15, 10 or 5 tons or less if convenient, each lots merely consisting of a certain quantity of the class of wood then being sold. Bids will be per ton of each class of wood.

4. The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid.

5 Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted Government treasury chalan for the amount will also be accepted. In the case of intending bidders, who have previously bought sandalwood from the Forest Department, a cheque on the Imperial Bank of India for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately, a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission, on his part of his having purchased that particular lot and of having accepted the conditions of the sale noted. No person will be allowed to deposit and bid jointly at the sale.

8 Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount, less the earnest money deposit into the Imperial Bank of India at Vellore or Madras, within eight days of the confirmation of the sale and another 25 per cent before the 7th March 1934, the balance of 50 per cent being paid on or before 28th April 1934, or against delivery whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall not be liable for any loss, but shall not participate in any profit which may arise by the resale.

9. After 50 per cent of the entire sale value has been paid to the credit of the Forest Department delivery of the sandalwood shall be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, even though paid for.

10 On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 supra. If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and

handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 14th May 1934.

Should any excess over the quantity paid for be found in the quantity purchased when weighing on the time of delivery, the excess will be paid for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, when weighing at the time of delivery on a particular day, the value of the deficit noticed calculated on the rate at which the main lot or class was sold will be adjusted towards the value of the excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the purchaser will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of drysge over the recorded quantity at the time of sale, the value of the deficit quantity at the purchased rate will be refunded in due course.

11. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power of attorney duly stamped and bearing the signature of the person so deputed. A copy of the power of attorney must also be sent to the District Forest Officer by post, with four specimen signature of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department, must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the weeks allowed in the clause 10 demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

14. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest Department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the Department's 'sale hammer' mark.

15. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

16. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

17. The contractor shall bear the cost of taking delivery of sandalwood.

18. Each intending bidder unless specially exempted by the Conservator of Forests, Salem Circle, Salem, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides; and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificates.

19. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

20. The full quantity of wood advertised for sale will not necessarily be put up to auction.

1. The wood has been classified according to the classes noted above and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification will be allowed nor will complaints of any kind be admitted.

3. The various classes have been stored in the sandal wood godown in quantities of 5, 10 and 15 tons for convenience, but the quantities exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in quantities of 15, 10 or 5 tons or less to suit the convenience of bidders. Bids will be per ton of each class of wood.

4. The sale will be subject to confirmation by the Conservator of Forests Coimbatore circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A accepted treasury challan for the amount will also be accepted. In the case of intending bidders, who have previously bought sandalwood from the Forest department, a cheque for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately a quantity is knocked down to him, sign his name at the foot of the sale list in the column provided for the purpose, and such signature will be held as an admission, on his part of his having purchased that particular quantity and of having accepted the conditions of the sale notice. No person will be allowed to deposit and bid jointly at the sale.

8. Immediately the sale is over, each purchaser, if his offer for any definite quantity has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of the amount, less the earnest money deposit into the Imperial Bank of India at Coimbatore or Madras, within eight days of the confirmation of the sale and another 25 per cent before 31th March 1934, the balance of 50 per cent being paid on or before 1st May 1934, or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser, who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

9. After 50 per cent of the entire sale value has been paid to the credit of the Forest department delivery of the sandalwood shall be made to the purchaser, provided that, until full payment has been made, a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, even though paid for.

10. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 *supra*. If, however, proof is produced that the entire sale value has been paid the whole of the sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before 15th May 1934.

11. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing

thus, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as all performed by the Forest department, must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the weeks allowed in clause 10, demurrage will be charged at the rate of Re. 1 per ton per diem from the last date fixed for delivery until the wood is finally removed.

14. No sandalwood shall be removed from the depot till a license to remove it signed by the officer of the Forest department who delivered the wood, shall have been obtained that till every piece of sandalwood that may be stamped bears the district "sale hammer" mark.

15. The Officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

16. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

17. The contractor shall bear the cost of taking delivery of sandalwood.

18. Each intending bidder unless specially exempted by the Conservator of Forests, Coimbatore Circle, Coimbatore, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides; and the District Forest Officer holding the sale may refuse to allow any bidder and as exempted to bid beyond the amount guaranteed in such certificates.

19. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

20. The full quantity of wood advertised for sale will not necessarily be put up to auction.

21. Further particulars can be had on application to the District Forest Officer, North Coimbatore division, Coimbatore.

NOTE.—A further quantity of about 20 tons 4 cwt., which has not been classified as yet, will also be offered for sale.

Report of Select Committee on Khaddar (Name Protection) Bill 491

ERRATUM:

L.A. Bill No. 10 of 1933.—Indian States (Protection.—Ordn.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following report of the Select Committee on the Bill to provide for the protection of the names "Khaddar" and "Khadi" used as trade descriptions of cloth spun and woven by hand in India was presented to the Legislative Assembly on the 28th November 1933:—

We, the undersigned, members of the Select Committee to which the Bill to provide for the protection of the names "Khaddar" and "Khadi" used as trade descriptions of cloth spun and woven by hand in India was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto. Paper I—IV

2. We have revised the drafting of the Bill throughout with the object of bringing out more clearly its underlying intention, as expressed in the simplified form of preamble now prefixed to the Bill.

We have inserted the customary extent clause in clause 1 of the Bill, and have made provision by sub-clause (3) of this clause for bringing the operative part of the Bill into force in the various provinces by individual act on by the Local Governments concerned. The majority of the Committee express the earnest hope that those Local Governments which have expressed no disapproval of the Bill will take early steps to apply the Act when passed to the areas under their jurisdiction, and that other Local Governments will avail themselves of its provisions should any necessity for its extension become apparent.

We have recast clauses 2 and 3 of the Bill as introduced by amalgamating them in one comprehensive clause aimed at achieving the purpose of those clauses in a more suitable form. In doing so we have revised the definition of "Khadder" and "Khadi" to make it clear that these terms shall henceforward be properly applicable only to cotton cloth. Some of our members wished to secure the inclusion in the term "Khadder" of cotton materials with a woven border of silk, but it was realized that no innovations would in practice arise, as such pieces could still be lawfully, and equally effectively, described by some such terms as "silk-bordered Khaddar".

3. The Bill was published as follows:—

NOTE.

I am of the opinion that the definition of Khaddar or Khadi should be a coarse cotton cloth. By coarse is intended a low cotton count below 14s.
